College Announces Cultural Series

A descendant of a pioneer Carson Valley family will share her secrets to literary success to kick off Western's free 2007-2008 Cultural Series, "Faces, Voices & Stories." The first event is set for Monday, Oct. 15, at the WNC Fallon campus.

A community festival and four more interesting lectures at WNC Carson City will round out the series that is sponsored by the Office of Student Activities and Associated Students of Western Nevada. Topics are diverse - women and the Taliban, the search for life on Mars, Latinos in Nevada, the struggles of African children today, and the annual multicultural festival that features music, dance, food and fun from a wide variety of cultures.
